

TROOPS OPEN FIRE ON THE RIOTERS

SERIOUS OUTBREAKS IN THE CAPITAL AT BOHEMIAN.

Czechs Attack Germans—Several Persons Killed by Soldiers in the Streets of Prague—All Traffic Suspended and Shops and Business Houses Closed.

Prague, Bohemia, Dec. 2.—There were serious disturbances here Wednesday. The houses of Germans were bombarded with stones and a howling mob which gathered on Wenzel-Platz had to be dispersed by infantry and cavalry. The university buildings were threatened by the rioters, and had to be protected by large bodies of police. The synagogue windows were smashed and the windows of the houses of Jews displaying German trade signs in several streets of the Jewish quarters. All traffic is suspended and the shops and business houses are closed.

A large Czech mob made a descent during the evening upon the German quarter and plundered houses and shops in several streets. When a detachment of troops approached to disperse the rioters the soldiers were greeted with showers of stones, broken glass and other missiles. Shortly after 9 o'clock a mob attempted to storm a cartridge factory at Zischow, a suburb of Prague, on the other side of Moldau. The troops stationed at the factory poured a volley into the crowd. It is known that at least two persons were killed outright, and it is feared that others were killed or wounded.

At a late hour threatening crowds made repeated rushes and attempted to storm the German newspaper offices, but by 11 o'clock the town was quiet and the troops had been withdrawn, except patrols at threatened points.

In Smichow, the southwest suburb of Prague, the German gymnasium in the Altstaeder-Ring, in the center of the city, was plundered by a mob, which was finally dispersed by a combined charge of soldiers and police.

Troops have been drafted to Judensstadt, owing to the mob threatening to run riot there.

Big Fire Loss in St. Louis.

St. Louis, Mo., Dec. 2.—Fire was discovered in the F. O. Sawyer & Co. paper factory in Locust street, near 3d street, at 3:30 o'clock Wednesday afternoon and within an hour the establishment was in ruins and a number of adjoining buildings were badly damaged. The fire communicated across the narrow street to the Economic bindery plant, Young-McKinney Printing company, the Missouri Engraving company, Woodward-Tiernan Printing company and Higgins' Map-Printing company. There were 100 employees in the paper factory, but all made their escape in safety.

Alton Council Is Subpoenaed.

Alton, Ill., Dec. 2.—Major Henry Bruggemann and the members of the Alton city council have been subpoenaed to appear before the supreme court at Springfield next Tuesday and answer the allegations of the colored citizens of Alton, who complain that their children are denied admission to the public schools of Alton because of their color.

Indians Prevent a Lynching.

Bismarck, N. D., Dec. 2.—Defender and Black Hawk, the remaining two of the five Spicer murderers, were set free Wednesday. They were met by an armed guard of forty Sioux from Standing Rock and will be taken there. Owing to the strength of the guard no attempt at lynching will be made yet. The two Indians can scarcely expect to live long, however.

Ministers Exonerate Wolfe.

Bloomington, Ill., Dec. 2.—The conference of Methodist ministers held in this city Wednesday came to the conclusion that Presiding Elder J. B. Wolfe was guilty of no criminal intent in his actions as trustee of the Soldiers' Orphans' Home at Normal, from which he recently resigned. This will probably end the matter so far as church discipline is concerned.

President Will Not Withdraw.

Washington, Dec. 2.—The report that the President would withdraw from the Metropolitan Methodist church on account of the sermon preached by its pastor on Thanksgiving day is denied. It is probable, however, that the President will be seen less frequently at that church and will attend services more often elsewhere.

URGE NEW TRIAL FOR NOVAK.

Motion Will Be Made Saturday—Novak's Father Is Liable.

Vinton, Iowa, Dec. 2.—The motion for a new trial in the Novak murder case will be argued at 10 o'clock next Saturday morning. Judge Burnham doubtless will overrule the motion and in all probability will sentence Novak some time during the afternoon. It is generally believed that he will disregard the recommendation of the jury and give Novak not less than twenty years at hard labor in the Anamosa penitentiary.

In the case of Grove vs. Novak & Jilek, Judge Burnham directed the jury to return a verdict for the plaintiff. This was a suit to establish the connection of John Novak, father of Frank Novak, with the firm. The verdict establishes him as a partner in the firm and makes his property liable for the debts of Novak & Jilek. It means the financial ruin of John Novak.

WHITECAPS CAUGHT.

Six Prominent Citizens of Decatur, Ind., Are Arrested.

Decatur, Ind., Dec. 2.—A sensation was caused here Wednesday by the arrest of six prominent citizens on indictments returned by the grand jury now in session. Those arrested are: Henry Ashbacher, son of Sheriff Ashbacher; Alva Nichols, Ed and Buck Rhoer, Leo Smith and Jacob Gross. They are charged with being implicated in a recent whitecapping outrage here. Since their arrest Ashbacher and Nichols, both minors, have made a confession, which, it is said, implicates others. The penalty, if the charge is proven, is a penitentiary sentence, except for the two minors.

No Currency Legislation.

Washington, Dec. 2.—Representative Walker of Massachusetts, chairman of the house committee on banking and currency, was asked as to the prospects for currency legislation. As Mr. Walker is at the head of the committee which will have the matter in charge, considerable significance is to be attached to his reply, in which he said: "From my experience as chairman of the banking and currency committee, I should say that congress would do nothing on the currency question."

Mrs. Behrens Goes to Prison.

Davenport, Iowa, Dec. 2.—The Behrens murder trial ended Wednesday in a verdict for murder in the first degree against Christine Behrens, who was sentenced to imprisonment for life at hard labor. Mrs. Behrens administered Paris green to her husband at the instigation of Henry Bendt of Rock Island, Ill., that she might be free to marry Bendt and that they might enjoy the proceeds of her husband's insurance policy. Bendt is in jail awaiting trial on the same charge.

New Way to Stop Gas Waste.

Indianapolis, Ind., Dec. 2.—The state proposes to step in and stop the waste of natural gas by injunction. The supreme court will be asked to pass on the injunction case brought up from Madison county and point out clearly a way for the state to proceed. The excitement over the waste of gas through uncapped oil wells shows no decrease. Mass meetings were held Wednesday in this city, in Alexandria, and in several other gas towns.

Hospital Inmates Poisoned.

Gallipolis, Ohio, Dec. 2.—Two hundred and fifty patients at the epileptic hospital were poisoned by ptomaines. The poison came in some article of food eaten by the patients, and the bacteriological department is making rigid analysis. Bradley persists that he will protect the turnpike property at all hazards, unless the county officers do so.

Italian Financial Showing.

Rome, Dec. 2.—The statement of the minister of finance, Sig. Luzatti, shows a surplus of 34,000,000 lire for the financial year of 1896-7. The result is considered especially gratifying, as the abundant wheat crop of Italy has largely decreased the customs receipts, which were 23,000,000 lire, the lowest on record.

APPEAL TO CHARITY IS TO BE ISSUED

AMERICANS ASKED TO AID STARVING CUBANS.

President Considers Plans—Possibility That Congress Will Be Urged to Grant Another Appropriation, to Be Distributed by General Lee—Destitute Americans in Cuba

Washington, Dec. 2.—President McKinley is considering the best method of placing before the charitable citizens of the United States an appeal for food to relieve the destitution in Cuba. According to the Washington correspondent of the World, the Spanish minister has informally conveyed the information to this government that any contributions which may be made will be welcomed. In view of this it is expected that within a few days Consul General Lee will be authorized to take charge of and deliver such supplies as may be donated by citizens of the United States. The administration hopes that a general relief movement will be started in this country. In such an event steps will be taken to have the supplies admitted without payment of duties.

The officials of the state department says that no such appeal as that set forth by Consul General Lee, General Blanco and the Spanish minister, and endorsed by President McKinley, has been presented to the American people in recent years. Consul General Lee, since his return to Havana, has materially increased his list of needy Americans.

It is likely that the president will ask congress for another appropriation to be utilized in preventing American citizens from starving. General Lee considers the situation one which appeals to the United States.

DENIES RESPONSIBILITY.

Turkey Tries to Explain Pillage of American Missions.

Constantinople, Dec. 2.—The United States minister to Turkey, James B. Angell, has renewed the demand of the United States for an indemnity from the Turkish government for the pillage of the American missions at Khar-tout, Marash and Haskong, Armenia. The porte denies any responsibility for the pillaging, on the ground that the government acted under the stress of unavoidable circumstances. Minister Angell, however, insists upon the government's responsibility, as Turkish troops and gendarmes participated in the outrages.

ARMOR PLANT IDEAS.

Naval Board Report in Readiness for Congress.

Washington, Dec. 2.—The naval board appointed by authority of congress to ascertain the cost of an armor plant made its report through Commodore Howell to Secretary Long Wednesday. The report makes a voluminous document treating every detail of the process of armor making essential to a correct apprehension of the cost of the plant and of the product. It is also accompanied by elaborate plans for the plant which have been verified by Expert Fritz. The cost of a plant suitable for the making of naval armor at the rate of 6,000 tons per annum, which is fully equal to the capacity of both of the existing private plants, is set down as \$3,750,000. No recommendation is made as to the location of the plant.

Differ as to Consolidation.

Indianapolis, Dec. 2.—The Indiana Society of the Sons of the American Revolution unanimously approved the proposed consolidation of this organization with the Society of the Sons of the Revolution, the new association to be known as the Society of the American Revolution. The Indiana branch of the Society of the Sons of the Revolution resolved, however, to oppose the proposed consolidation, and the statement was made that two-thirds of the eastern states had taken or would take similar action.

Combine of Cracker Trusts.

New York, Dec. 2.—Three great food producing corporations are about to be merged into one great concern. These are the New York Biscuit Company, American Biscuit Company, and the United States Biscuit Company. They are capitalized respectively at \$9,000,000, \$9,000,000 and \$5,000,000, with a total capitalization and bonding of \$24,764,000. Coincident with the merging will come an inflation of stock to \$55,000,000, \$25,000,000 in cumulative preferred 7 per cent dividend stock and the remainder in common stock.

Mrs. Nack Will Plead Guilty.

New York, Dec. 2.—It is understood Mrs. Augusta Nack will be arraigned in court next week for her part in the murder of William Guldensuppe. Her counsel, Emanuel Friend, will in her behalf enter a plea of guilty of manslaughter in the first degree, and it is believed the district attorney will accept the plea. She may be sentenced to only twenty years' imprisonment, although a life sentence could be inflicted.

STRIKE OF WINDOW-GLASS WORKERS BROKEN.

Secure 15 Per Cent Advance—It Is Thought That All Will Now Return to Work—Miners Secure a Settlement—Plan Action Against Anti-Scalping Bill.

Anderson, Ind., Dec. 2.—The Indiana window glass manufacturers have received news that the workers have broken at Quintin, N. J., and Buffalo, N. Y., and have accepted the manufacturers' scale, which is a full 15 per cent advance over that of last year. This is the first break in the workers' lines since the fight began last July. It is thought now that all will return to work. It is said flint and green-bottle manufacturers are now forming a trust, with Thomas B. Hart of Indiana at the head.

Marion Miners Resume Work.

Marion, Ill., Dec. 2.—The strike in the four mines at this place came to an end Wednesday. A compromise was effected by which the men will be paid 26 cents per ton mine run for shooting on the solid, 30 cents for cutting one side, and 35 cents for cutting one side and mining the bottom. These are not as good wages as they were getting before the strike, but there is general rejoicing over the resumption of work.

Indiana Miners Again at Work.

Indianapolis, Ind., Dec. 2.—Three hundred and fifty striking miners have returned to work in the Sullivan county district. The miners and mine-owners reached a settlement through a conference with President Knight of the miners and the state labor commission. At Smyrna it was agreed by the men to accept any terms that might be obtained by the labor commissioners and President Knight.

Men Reconsider a Strike.

Kokomo, Ind., Dec. 2.—Two hundred grinders and polishers struck at the Pittsburg plate glass works here Wednesday, caused by the adoption of the piece system instead of regular weekly wages. At night, however, the men voted to accept the new system and return to work.

RIVER INTERESTS UNITE.

Immense Combine to Be Effected at Pittsburg.

Pittsburg, Pa., Dec. 2.—The biggest combination of river coal interests ever attempted promises to be effected before the new year. It has been talked of for years, but has at last come to a focus.

A committee, consisting of Capt. W. W. O'Neil, president of the W. W. O'Neil Coal company and of the Pittsburg coal exchange; Capt. S. S. Brown of W. H. Brown's Sons, and Capt. John A. Wood of the firm of John A. Wood & Son, is hard at work considering the schedule of property values, as presented by the separate coal companies operating on the river.

There is a slight dissension in the ranks, but it is not considered to be sufficient to block the way of a speedy consolidation. The scheme, which is stupendous, proposes the organization of one company, with a capitalization of \$11,000,000. It is to be a huge trust, controlling the river coal interests from lock No. 1 on the Monongahela to New Orleans.

The primary object of the combination is to reduce expenses in both mining and shipping. The Pittsburg operators hope by this means to successfully compete with the Kanawha river product. It is claimed that it is but to reap the reward that will be gained in the reduction of operating expenses. The elimination of the cutting done by Pittsburg shippers is also expected to contribute to the dividends.

Mrs. Rice's Body Is Exhumed.

Carlyle, Ill., Dec. 2.—An investigation to ascertain whether Mrs. G. H. Rice died from being poisoned with arsenic or natural causes has been commenced in Sandoval. The people who are especially anxious to find out are the insurance companies which issued policies on her life to the amount of \$7,000, payable to her husband, editor of a paper and a prominent physician of Sandoval. The insurance organizations refuse to pay until the cause of death is thoroughly established. Mrs. Rice died last August from the effects of an attack of cholera morbus, but the companies refuse to believe this.

Funds May Not Be Divided.

Pittsburg, Pa., Dec. 2.—The executive committee of the Window-Glass Workers' association has counted the vote of the preceptories on the proposition to divide the funds of the association with the cutters and flatteners, who have seceded. The committee passed a resolution forbidding any member from divulging the result of the vote until their counsel had been consulted, but from what little can be gleaned the indications are that the proposition has been defeated because of the legal complications.

Statement of Public Debt.

Washington, Dec. 2.—The November statement of the public debt shows that at the close of business Nov. 30, 1897, the public debt, less cash in the treasury, amounted to \$1,099,226,466, a decrease since Oct. 30 of \$11,338,125. This decrease is accounted for by an increase in the cash due to the deposit of an installment of the proceeds of the sale of the government's interest in the Union Pacific. But for this transaction the cash in the treasury would have been \$771,450 less than last month.

Sentence Passed on Spaulding.

Spaulding must serve an indeterminate penitentiary term for misappropriating the trust funds of the University of Illinois. MILLERS WANT RECIPROCITY.

Illinois State Association Holds Its Annual Meeting.

Springfield, Ill., Dec. 2.—The Illinois State Millers' association held their annual meeting here Wednesday. Representatives from all parts of the state were in attendance. The committee which was appointed at the last meeting to memorialize congress for the re-establishment of the reciprocal relations with South American countries, which were abolished by the Wilson bill, reported they had received encouragement. Resolutions were adopted condemning the adulteration of flour, especially with corn.

The old question of alleged ruinous competition which the Northwestern millers are able to bring against the millers of the state, on account of favorable railroad facilities, was brought up and discussed at length. It was the sense of the meeting that the officers of the railroad and warehouse commission should be sought, with a view of solving this problem. It appears to be the interstate commerce feature of the question which makes it a hard one to deal with. E. C. Kreider, Jacksonville, was re-elected president.

RUSSIA'S ACTION AWAITED.

Conflicting Reports Regarding Czar's Intentions in China.

London, Dec. 2.—It is reported here in well-informed circles that the views of Russia have undergone a change as to the situation at Kiao-Chow Bay. Seeing the large force that Germany is assembling there, Russia is inclined, with France, to oppose German action. It is currently reported at Shanghai that France, Germany and Russia have entered into a compact for acquisition of Chinese territory, Germany taking Shan Tung, Russia taking Corea, and France taking Fo-Kien and Formosa.

The movements of the British and Japanese fleets are supposed to indicate suspicion as to the conduct of the other powers. Japan objects to a German occupation of Kiao-Chow until China has paid the war indemnity.

It is understood at Shanghai that China will propose to refer the whole matter to the powers for arbitration.

Twenty Men Scalded.

Des Moines, Iowa, Dec. 2.—Twenty men employed at the Glenwood coal mine, three miles southeast of this city, had a narrow escape from instant death a few minutes after 12 o'clock Wednesday. The men from the mine had gathered in the boiler house to eat their dinner and were sitting on improvised benches erected on either side and a foot or two above the boiler, with their feet resting on the warm brick walls in which it was imbedded, when the boiler exploded. The men suffering the worst injuries were James Heslop, John Griffith, John and Dan Hayden, Dan Williams, and Frank Bronquist. All of them resided in Sevastopol. They are all badly scalded but will recover.

Spain's Feelings Are Hurt.

Madrid, Dec. 2.—The Imparcial, commenting upon the late alleged filibustering expedition of the American steamer Dauntless, called upon Premier Sagasta to make energetic representations on the subject, and adds: "The authorities at Washington must be informed of the bad impression created in Spain by these frequent filibustering expeditions. The circumstances show a lack of regard for Spain, especially as the filibustering expeditions coincide with the new regime decreed for Cuba."

Still Selecting Jurors.

Chicago, Dec. 2.—The second Luetgert jury bids fair to be selected in less time than the first. Though no more jurors were sworn in yesterday, four more veniremen stood searching quizzes as to their right to serve, and two of them at least are likely to be sworn in. Thirty-eight veniremen were found to be disqualified before the attorneys passed the four.

The court ordered that he be confined in an asylum.

Attempts Cuestas' Life.

CANT SHOOT DUCKS UNTIL NEXT SPRING

CLOSE SEASON IS NOW ON IN WISCONSIN.

December First Marked the Close of the Open Period, and Wild Fowl Are Safe Until the Balm Days Come—Few Birds Were Killed This Year.

Tuesday night at midnight the warfare carried on by Wisconsin sportsmen on woodcock, ruffed grouse, partridge, prairie chickens, plover, snipe and mallard, teal and wood ducks came to an end as prescribed by the laws of the state and until Sept. 1, 1898 these varieties of feathered game will be protected within the confines of Wisconsin, while bluebill, redhead, canvas back and butterball ducks can be shot until May 1, 1898. Violations of the provisions of the law are punishable by a fine of not less than \$10 or more than \$50 for each offense, and by imprisonment in the county jail until such fine is paid, not to exceed three months.

Season Unsatisfactory to Hunters.

The past season has not been satisfactory to hunters who expected to bag large numbers of ducks on the inland waters and marshes in Wisconsin, while in the Dakotas and Minnesota ducks, chickens and geese were unusually plentiful. The reason advanced for this state of affairs is said to be that the feed in the north-west was better this year than ever before, and all the sloughs, lakes and rivers supplied ample protection to aquatic birds, while the absence of heavy rains during the hatching period insured a large crop of snipe and prairie chickens.

Ducks Evaded the Hunters.

In Wisconsin the game birds that frequent these waters have been pursued so persistently that they have become wise, and adopted, evasive tactics in order to avoid destruction, the ducks spending the day in the open water where feed was abundant and flying to secluded spots in the marshes after nightfall. At Packaway lake the bags of ducks brought in last fall were the smallest in the experience of the hunters from Milwaukee, and at Horicon the shooting was never so poor, and the same can be said of other hunting resorts in the state frequented by sportsmen.

CYCLERS NOISY ON SUNDAY

Chairman Mott, of the L. A. W. Writes a Letter Concerning the Matter.

Local members of the League of American Wheelmen are much interested in a letter received from Chairman Albert Mott of the L. A. W. racing board, who lives in Baltimore. He writes that the churchgoers in his city are beginning to complain about the Sunday cyclists who whoop and shout while passing through the city's streets on the Sabbath. He says that he has been unable to find much opposition to the mere riding of wheels on Sunday, but there is a well defined idea that the century riders and cyclists who participate in club runs should not disturb the people who wish to observe the day in devotion, by unearthly yells and other forms of annoyance.

FAILS TO PASS EXAMINATION

La Crosse Plumber Continues To Do Business and Is Arrested.

Plumbers throughout the state are watching with interest a case now on trial in the criminal branch of the county court at La Crosse. It is the case of the State of Wisconsin vs. William F. Ferguson, charged with violating the plumbing law passed by the last legislature.

Ferguson failed to pass the examination required by the law and was refused a license. He kept on at his work and was arrested.

The defense claims that the law is unconstitutional for the reason that it has virtually legislated him out of the business he was engaged in prior to the enactment of the law.

FRESHMEN BEGIN TO WORK

Local Students at Madison Have All Been "Rushed."

Janesville students who entered the freshman class at the state university this year are now getting down to business after having been "rushed" of late by the different college fraternities. Most of these students are already full fledged "grecs" but there are still some who are yet to be initiated. The following is a complete list of the fraternities represented at the university into which local freshmen have been both initiated and pledged.

Runaway Accident During a Funeral Near Delavan—A Man Hurt.

A frightful accident occurred yesterday at La Grange, near Delavan, during the funeral of Mrs. James Case. The end of the pole of the hearse broke as the procession was going down a long and precipitous hill and the team ran away. The horses got beyond the control of the driver, upsetting the hearse, breaking it into fragments and throwing the casket out. Ward, the driver, was very severely injured. Mrs. Case was the mother of W. H. Besch, a groceryman of this city. She was 71 years of age.

THE SEWER CASE IS FIXED UP

The Trouble at Edgerton Compromised With the Farmers

F. B. Carr of this city, who is soon to take charge of the new hotel at Edgerton, is not losing any sleep these nights over the injunction that the farmers served to prevent the building of the hotel sewer. The trouble has been remedied by the construction of a cess pool near the creek. In spite of the fact that this cess pool will eventually empty into the creek, the farmers say that they are satisfied.

JAY GOULD.

PRACTICAL REFORM.

Governor Scofield does not believe that the country can be "saved by whoselale" as Mrs. Booth expresses it. He doesn't believe any great amount of reform can come until each citizen feels his own responsibility. In addressing the St. Andrews society in Milwaukee he said:

If the people of this state generally were to interest themselves but for a year or two in primary elections, the whole system of public service would be revolutionized and all appointive offices would be filled on the basis of competency and fitness, and the tenure of the incumbents made to rest upon merit, rather than on obligations for political service. This, gentlemen, is practical civil service reform. Interest yourselves individually in the selection of men for office, and you will soon wipe out whatever evil there remains of the spoils system.

THE COST OF AN ICEA.
The Seth Low movement originated in Brooklyn, must pay Tammany well for her share of the "citizens ticket" foolishness. The \$35,000,000 that is to be spent for a rapid transit tunnel will serve Tammany for a beginning. While \$35,000,000 covers the estimate, that is merely preliminary. Tweed's public structures in New York were a sinkhole for millions. The estimate for the capital at Albany was \$4,000,000. It is unfinished, after swallowing up \$22,000,000. The Brooklyn bridge, which was to cost \$8,000,000, has called for \$19,000,000. Brooklyn hath had losses in the estimate business, and therefore the Tammany tunnel excites apprehension rather than civic pride in the Seth Low end of Greater New York.

The suggestion is made that the public library reading room be opened Sunday afternoons. At first thought the idea will be opposed but it deserves consideration. A library reading room provides more cheerful surroundings than many boarding houses, and may be made a powerful influence for morality and religion.

Wisconsin ranks second in the production of cheese and fourth in the production of butter, and times must be very hard before the dairy belt of the state fails to hear the clink of coin.

This year Kansas has reduced her mortgage indebtedness \$30,000,000 and has increased her republican vote good. These movements naturally go together.

Mr. Bryan thinks the pendulum is swinging toward free silver. It is an optical delusion. Mr. Bryan's clock has run down.

Cure for Somnambulists.

Lady Visitor (at office of eminent physician)—I have called, doctor, to ask if there is any cure for sleep-walking. I have had the habit for years, and lately it has become worse.

Dr. Highprice—It can be cured, madam. Take this prescription, and have it made up at Colde, Steele & Co's.

"Colde, Steele & Co's? Why, that is not a chemist's, but an ironmonger's."
"Yes, madam. The prescription calls for a paper of tacks. Dose—two tablespoonfuls scattered about the floor before retiring."—Tit-Bits.

Deceived by His Sister.

Mamma—Why did you strike little Elsie, you naughty boy, you?
Dick—Well, what did she want to cheat for, then?

Mamma—How did she cheat?
Dick—Why, we were playing at Adam and Eve, and she had the apple to tempt me with—and she never tempted me—but went and ate it all up herself!—Tit-Bits.

So He Was.

"Ah," mused the undertaker after the funeral, "he oughter been satisfied with it all. He come round to my place some months before he died, he did, and he ordered everything hisself—coffin, plumes, hearse, everything. He told me he admired that hearse more'n anything he ever seen. Yes, he was dead gone on that hearse!"—Town Topics.

The Only Exception.

"Jaysmith is always blowing about his wealth," said the major to the judge.
"Nonsense," replied the judge. "Not ten minutes ago I heard him telling a man that he hadn't a dollar to call his own."

"Yes, I saw the man he was talking to. He is the assessor in Jaysmith's ward."—Louisville Courier-Journal.

Accounted For.

"Did your wife have access to your clothes the night the money disappeared?" asked the man who had gone to the judge for a warrant against the hired man.

"Durned ef she didn't. I guess I'll jest drop the case, judge."—Detroit Free Press.

Undoubtedly.

"He is a marked man," said the fat lady.

"Who are you talking about?" inquired the blond of the two-headed girl combination.

"The tattooed man," said the fat lady. And then she chuckled.—N. Y. World.

Mr. Gotham—It is time for us to start for Mrs. De Avenue's—but, ahem! Don't you think you ought to spruce up a little?
Col. Kaintuck (of Louisville).—Oh! ah! Yes, certainly. Just wait a moment, until I take a fresh quid and reverse my cuffs.—N. Y. Weekly.

A Much-Worn Instrument.

"Let's bury now the hatchet," the politician cried.
And the editors agreed with what he said.
"We've no longer any use for it; it's battered, head and side,
With nailing campaign lies upon the head."
—Cincinnati Commercial.

\$20,000 FOR CROUSE IN DAMAGE SUIT

THE JURY GIVES HIM A LARGE SUM.

Arguments Were Finished and the Case Went to the Twelve Men At 11:30 O'clock This Morning—Case of Harding Against the C. M. & St. P. Railway Now On Trial.

Engineer George Crouse is entitled to \$20,000 damages for injuries received, while in the employ of the Chicago & Northwestern Railroad company, in the wreck caused by the washout at the "black bridge."

So said the jury that tried the case, this afternoon.

The case went to the twelve men at 11:30 o'clock this morning, and after getting their dinner at the Park hotel the jury went back to the court house to deliberate.

The closing argument was made by M. G. Jeffris this morning. The judge then charged the jury, and the case that has been so stubbornly fought for some days past was ended.

The jury was out nearly four hours, returning with the verdict at 3.08 o'clock.

Attorney Van Alstine at once made a motion for a new trial.

The jury's first ballot was for the defendant the amount of damages ranging from \$17,000 to \$20,000.

Hardin Case on Trial.

After the Crouse jury retired, another railroad damage case was at once begun, it being the suit of William Hardin vs. the Chicago, Milwaukee & St. Paul road. Hardin asks damages to the extent of \$10,000 for alleged injuries sustained at Elkhorn on the fourth day of November, 1892. Mr. Hardin is a resident of Clinton and was formerly a member of Smith's orchestra.

On the day of the alleged accident the plaintiff was on his way from Genoa Junction to Darien. The train crew, on reaching Elkhorn, received orders, it is said, to take on some extra cars.

Hardin Was Hurt.

While the switching was being done, Mr. Hardin, it is claimed, arose from his seat to speak to a friend who sat near by. He had just gotten into the aisle when suddenly the train lurched, throwing him headlong to the floor, injuring him so that he was for some time under the care of Dr. Rood, of Darien.

Mr. Hardin claims that he has never fully recovered from his injuries which he alleges were inflicted because of the carelessness of the switching crew in coupling cars. At 11:30 o'clock this morning Attorney J. G. Cunningham, who is assisted by M. G. Jeffris, opened the case for the plaintiff. Attorney H. B. Field of Milwaukee, appears for the defendant.

ATTEMPTED BOYCOTT.

Competitor of the Leader Tries To Injure Us Among Wholesalers.

Failing to scare us out, and utterly unable to meet our prices, one of our local competitors has sought to invoke the aid of a boycott—not on us, but on a firm we patronize. A boycott on us would be more to his mind, but the people of the city know that we are saving them money on every purchase, and appreciate our aid too much to have any but the most friendly feelings.

How was the boycott campaign inaugurated?

This was the way!

Our worthy competitor wrote to the Milwaukee jobbing house in question, Messrs. Geuder & Paeschke, and warned them not to sell goods to the Leader—that we were a bad risk. Their blow at our credit fell back upon themselves as Geuder & Paeschke wrote back promptly that the Leader bought more goods in a month for spot cash, discounting our bills, than our worthy competitor did in a year (on time). That letter settled our friends for the moment but the stream of trade toward the Leader was more than they could endure and they wrote the secretary of the State Hardware Dealers Association asking him to warn the Geuder & Paeschke company to stop selling to the Leader. The secretary wrote as requested, and enclosed our competitor's letter. That was now we came to hear of it. The Geuder & Paeschke company wrote to us at once and told us about all three of the letters. The company is now threatened with a boycott in this state and others if goods are supplied us.

Now we want to apologize for dragging the public into this matter. We do not do it to gain sympathy—we are able to take care of ourselves. We merely want to show what methods are adopted by some merchants to keep up the prices and make the customer suffer. We are selling goods from 20 to 30 per cent. cheaper than our competitor, because we discount all bills and keep goods moving rapidly. As long as we do this the people will know us as their friend and will stand by us. We fear no boycott campaign, and no secret letters from competitors. Had our credit been in question we might have been hurt, but hundreds of factories all around the country are ready and anxious to sell the Leader, and our inviolable practice of paying cash on the nail gets us the lowest quotations.

CHRISTIAN CHURCH MAY BE ORGANIZED

PLANS ARE NOW BEING DIS- CUSSED.

Fifty Members Would Be Enough To Start With—Revival Meetings Begun Largely With That Idea In View—Chicago University Post Graduate Students Would Preach.

A Christian church may be established in Jamesville soon, and it is with this end in view, largely, that revival meetings are being held at Lappin's opera house.

Rev. William Brooks Taylor, of Chicago, who is conducting these meetings says that if fifty members can be secured he will see that Jamesville has a Christian church.

The prospect at present, he says, are most encouraging and indicate that there is little doubt but what such organization will be formed here in the near future. Rev. Taylor is a man of decided power in the pulpit.

About the Church.

The church with which he stands identified is known in the census as "The Disciples of Christ," and numbers over 1,000,000 communicants in America. They are actively engaged in the work of the Y. P. S. C. E., holding third place in regard to numbers. They plead for the union of christendom upon the apostolic program, and a restoration of the primitive church in name, teaching and spirit. They are willing to be called by any name applied to the church in the new testament, but must not be confused with the Christian Scientists. They have numbered among them such men as Judge Jerry Black and President Garfield, who was a preacher in the Christian church.

The Revival Meetings.

The attendance at the revival meeting last night was larger than has been the rule heretofore. About one hundred people formed the audience and listened attentively to the words of the speakers. Not a few of those present were farmers who had driven in from Center and Footville.

Rev. Mr. Taylor says that if he succeeds in organizing a Christian church here it can be conducted through the year at a small expense to the congregation. At the University of Chicago there are many graduates who are taking the post graduate course in theological studies, and any one of them would come to Jamesville for a small salary. At first a suite of rooms would be secured and if the membership warranted it a church could afterward be erected.

BILLIARDETTE.

New Game Calls Forth Praise From an Educator and an Author.

N. O. Starks expects a very profitable season for the really delightful billiardette table which he is manufacturing. Prof. E. W. Walker, of the Superior normal school recently purchased one on the recommendation of a friend and to the latter he writes:

"We have enjoyed it very much and I am sure we shall find it an excellent game both for ourselves and children. Let me thank you for calling my attention to the table."

Mr. Starks is getting out some literature on the subject and is certain to have his table into very many homes by the holidays.

Among the best of the gratuitous recommendations received by Mr. Starks is the following:

"No. 212 Monona avenue, Madison, Wisconsin, Nov. 27, 1897—Dear Mr. Starks: Allow me to express my great delight in your new billiard table. Your first model seemed to me most excellent, but the present one far exceeds it in beauty and usefulness. You have now given the public an article which as an attractive center table is fully worth its price, and as a game, is even more fascinating than it was before. The wood is exceedingly handsome, and the surface beneath the billiard cloth is so smooth that the game can be played on thoroughly settled principles. My husband and our friends never weary of billiardette, finding that it continually develops new and unsuspected possibilities. It is the family game par excellence, for while it may amuse the youngest child that can guide a ball, it also furnishes entertainment for the trained hand and eye and the mature judgment. Wishing you all the success your invention deserves and is sure to meet, I remain yours truly,

"AUBERTINE WOODWARD MOORE."

ILLNESS THE CAUSE OF HER INSANITY

MRS. ROSS' TROUBLE DATES FROM SICK SPELL.

No Physician Attended Her and Her Mind Became Unbalanced In Consequence—Was Adjudged of Unsound Mind Yesterday and Taken to Mendota Today For Treatment.

Mrs. Louis Ross was yesterday afternoon adjudged insane and committed to the asylum at Mendota for treatment.

This morning the unfortunate woman accompanied by Sheriff Acheson and local relatives left for the state hospital.

According to Mrs. Ross' story, her trouble is the result of a fit of sickness. It is claimed that she was not given medical attention her husband neglecting to call in a doctor.

Later her condition took a sudden turn for the worse and her mind became unbalanced. Soon afterward she wandered away from her home in Chicago and brought up at Hyde Park last Saturday where she was found by the police.

Mrs. Ross was recently removed to Oak Lawn hospital where it was she could receive good accommodation prior to her being transferred to Mendota. At no time during her stay either with the sheriff or at the hospital has she shown signs of being violently insane. A careful watch has been kept over her, but she has made but little trouble. This morning when she was informed that she would be taken to Mendota for treatment she seemed but little surprised and was willing to go.

Mr. and Mrs. Ross now have four children who live in Hanover and Chicago.

A SIMPLE Puzzle

WINTER STYLES.

Velvet Gowns Are In Style—Skirts and Belieres.

Velvet plays a conspicuous part in winter costumes, forming entire gowns often, as well as trimmings. Applications of costly lace on velvet are among the approved decorations. Toilets made completely of velvet require very little ornamentation, the beauty of the material being concealed by much trimming.

The foot of skirts is often cut into square tabs, scallops or points, a plaiting or ruffle being placed beneath. The edge of the slashings is sometimes plain, sometimes bordered with a narrow band of fur or galloon.

The bolero has by no means disappeared. It is seen in one form or another upon many winter costumes of the most exclusively fashionable kind. It is usually open, showing a full blouse of some sort.

Costumes entirely of fur are occasionally seen, but these are, of course, solely for out of door wear upon very cold days. A

PRINCESS GOWN.

recent example is of caracul, trimmed around the foot of the skirt with a band of chinchilla, the tablier being decorated with buttons of turquoise and pearl. The blouse bodice is trimmed with revers of chinchilla and opens over a plastron of cream satin, bordered with chinchilla. The belt is of white satin, embroidered with turquoises and pearls.

Today's illustration depicts a charming princess costume of heliotrope crepe de chine. It is draped and fastens at the left side with three buttons. The foot of the skirt is cut in large points, beneath which appears a plaited blouse of moneline de sole, with alternate fans of black and white. The large, full revers is of purple silk covered with black mouseline de sole, embroidered with white. The close sleeves have small, shirred puffs at the shoulder. The plastron and collar are of black velvet. JUDIC CHOLLET.

THE MODE.

Points For Those Who Wish to Follow the Latest Styles.

Close sleeves with a very slight bouffancy at the top and flat trimmings arranged crosswise of the arm and near together are the correct style.

Many velvet gowns are seen among the new models, and also cloth gowns adorned with applications of velvet. Gray, beige and intermediate shades are favorites.

Bluish lavender and violet are fashionable colors, but in opposition to the prevailing tendency toward bright, frank tints some very elegant women are ordering black costumes. With a bunch of violets, nothing is more refined and exclusive looking than black.

Covert cloth, neat and most serviceable of materials, is largely employed for tailor made gowns and coats. Beige, grays and browns are the usual colors.

A new and attractive satin for theater or evening bodices has a white ground,

BLOUSE JACKET.

on which is a broche design in mauve, blue, yellow, white, pink or green, the figures being outlined with threads of gold or silver, which are guaranteed not to tarnish.

Plaids, so popular this season, are largely employed for separate bodices, flannel shirt waists and indeed entire costumes for morning wear. It is in the children's wardrobe, however, that plaids are most adaptable and pleasing. For school dresses nothing can be more serviceable or suitable.

An illustration is given which shows a blouse of dark blue velvet. It has a yoke of jet passementerie and a large, flaring collar lined with astrakhan. Three rows of jet fringe form a jabot in front. There is a short basque, and the belt is of grosgrain, fastened by two decorative buttons. The blouse is lined with satin, and a satin bow is placed at the back of the collar. The hat of gray felt is trimmed with dark blue velvet, a paste buckle and a group of gray quills. JUDIC CHOLLET.

A boy who had been up for an examination in Scripture had utterly failed, and the relations between him and the examiner had become somewhat strained. THE OVERFLOW OF LOCAL NEWS.

CAPTAIN IMPUDENCE TONIGHT

Play Will be Seen by Janesville People This Evening.

Captain Impudence will be seen at the Myers Grand tonight. Edwin Milton Royle, Selena Fetter, Mamie Dupont, Joseph Cusack, Thaddeus Shine and Lillian Daily form a combination of talent to conjure with and these well known artists appearing in a play new to this city, but written by the author of that charming comedy drama, "Friends" supported by a first class company need no special words of commendation in advance of their appearance. Of the play a brief prospectus reads as follows.

Captain Impudence is the title which has been bestowed upon Captain Spield of the United States army, stationed temporarily at Saltillo, Mex. The bold general, liberal and indiscriminating way in which the captain makes love, has won his title. He falls in love with a charming little creature, who is called Major General Lucretia Bugg, her father being General Bugg, and she being his superior officer. In fact, she rules him with hand of velvet or iron, as the occasion requires. General Bugg does not wish to see his daughter marry, and he exacts from her a promise that she will not embark in the royal barge of matrimony until he does.

"There is only one thing for me to do," says Captain Impudence when he learns of this: "I'll have to marry off the father first."

Mrs. Trigg, a widow, and fair, enters into a plot with the captain, the lady laying a wager that she will marry the general.

WHY DO I LOVE YOU SO?

You ask me why I love you so,
Ah! there are various reasons why,
'Twill be like counting the leaves of a rose
To tell them, still I'll try.
First, I love you because you are so fair,
Not of face alone but of heart,
I love the golden threads of your hair,
That seem of you a part.

I love your eyes because they speak,
They tell me you are true,
I love the blushes on your cheek,
And your dainty gown of blue,
I love your light step and rippling laugh,
And I would have you know,
That I can't tell even the half,
Of the whys I love you so.

I love you more, each day, each hour;
I can scarcely live, dear, apart;
From all the winning ways that are your dower,
How I long to claim your heart.
I feel when I am near you
Such an over-powering fear
That all my dreams may not come true;
I've had this last fond year.

When in your sweet presence all my soul
Is filled with love's holy fire;
Your dear form I long to hold;
It is my for d desire.
Give me your lips, upturn them to mine;
Let me read my answer in your eyes.
Since I've answered your question all in time,
Proved that I loved you; and told the whys.

A RELIC OF THE PAST.

Surgical Operations for the Cure of Piles and Rectal Diseases

NO LONGER NECESSARY.

A Medical Discovery Which Will Change the Treatment of All Such Diseases.

It has long been thought not only by some physicians but by the people in general that the common, painful and exceedingly annoying trouble, piles, was practically incurable by any other means than a surgical operation, and this belief has been the cause of years of needless suffering, because of the natural dread of surgical operations.

There are many salves, ointments and similar remedies on the market which afford some relief in cases of piles, but the Pyramid Pile Cure is the only preparation so far introduced that can be reliably depended upon to cure to stay cured, every form of itching, bleeding or protruding piles.

Mrs. M. C. Hinkley of 601 Mississippi St., Indianapolis, was told by her physician that nothing but a surgical operation costing between seven and eight hundred dollars could cure her as she had suffered for 15 years; yet even in such a case as hers the Pyramid Pile Cure accomplished a complete cure. She says: "I knew an operation would be death to me and tried the Pyramid with very little hope and it is not to be wondered at that I am so enthusiastic in its praise."

Mr. D. E. Reed of South Lyons, Mich., says I would not take \$500 and be placed back where I was before I used the Pyramid Pile Cure. I suffered for years and it is now eighteen months since I used it and not the slightest trace of the trouble has returned.

The Pyramid Pile Cure is sold by nearly all druggists at 50 cents and \$1 per package and as it contains no opium, cocaine or other poisonous drug can be used with perfect safety.

No one need suffer from piles in any form who will give this excellent remedy a trial.

Send for book on cause and cure of piles, sent free by addressing Pyramid Drug Co., Marshall, Mich. (formerly Albion, Mich.)

DR. SHEPARD'S CONSUMPTION CURE

Investigating Physicians Find It Has Been Successful for Eight Years.

Elgin, Ill., forty miles from Chicago, has interested medical men and consumptives lately because of the announcement that Dr. W. A. Shepard has discovered a new cure for consumption. This disease is popularly supposed to be incurable and some physicians would not believe in it until they personally went to Elgin and saw Dr. Shepard and met many patients who are now living there and whom he has cured during the past eight years. Dr. Shepard does not claim all cases except in the first stage and a large percentage of the second. His treatment is very simple but so far has not been successfully administered except under his personal supervision. He has assistant physicians who under his instruction help him in caring for about 200 patients. Dr. Shepard's fame has brought patients from all over the country who come to Elgin and stay under his personal care for from one to three months and then continue the treatment at their homes until cured.

MEMORIAL SERVICE IMPRESSIVE

Touching Exercises In Honor of Rev. Fayette Royce at Beloit.

The memorial service in honor of Dr. LaFayette Royce, the prelate of the Beloit Commandery, No. 6, of the Night Templars, were impressive in the extreme. A. E. Matheson, a Beloit college alumnus, was the first speaker of the evening and dealt with the order of Masonry. He mentioned the grand record of the order in promoting a fraternal life and charity, of the present standing of the organization and of its possibilities. He dealt with touching eloquence on the long service of the late prelate and brother, his help to the organization and his final promotion.

Judge J. C. Garver, of Rockford, spoke along the same line, of the growth and power of the order, and the strong affection of its members for Dr. Royce. I. S. Montgomery spoke on the long and loyal membership and the love and esteem in which he was so universally held.

The Rev. H. A. Thompson of Janesville, gave a grand address on the relation of the church to the order. He spoke of the close connection between the church brotherhood and the fraternal relation, dwelt at length on the work of the order and the true and loyal service of their veteran prelate, and finished with a eulogy of the departed brother, touching the heart of many who had received some personal mark of friendship at his hands.

A ladies' quartette composed of Mesdames Dowd, Parker, and Bond and Miss Thompson furnished fitting music to a most beautiful memorial service.

I write this to let you know what I would not do: I would not do without Chamberlain's Pain Balm in my house, if it cost \$5.00 per bottle. It does all you recommended it to do and more.—J. E. WALLACE, Wallaceville, Ga. Chamberlain's Pain Balm is the best household liniment in the world, and invaluable for rheumatism, lame back, sprains and bruises. Be ready for emergencies by buying a bottle at C. D. Stevens' drug store, corner Main and Milwaukee street.

Rumor of a Further Shortage.

Elkhart, Ind., Dec. 2.—It is now currently rumored in connection with ex-County Treasurer Holderman's shortage of \$25,000 that ex-County Treasurer Campbell, who preceded Holderman, is also short, but just how much has not yet been discovered by Expert Ernst, who is investigating the books. There is an apparent shortage of from \$5,000 to \$6,000 in one place, though Campbell, who lives here, declares his accounts are all right, and that together with the auditor he balanced his books before relinquishing his office. Holderman, who suddenly disappeared a few nights ago, has not yet been located, though he is known to have driven to New Prairie, where he took a train.

Seven Thousand Men Made Happy.

Youngstown, Ohio, Dec. 2.—Nearly seven thousand men in the limestone and iron trades benefit by the advance of wages which became operative Wednesday. Limestone men to a total of 3,000 get a 20 per cent advance, while the rise ordered by the Mahoning Valley Iron Manufacturers' Association, affecting nearly four thousand employees, is of 10 per cent.

Of young men of limited means: If I could afford it, I'd always go to a tailor. Now a suit of clothes I make will last twice as long, and fit twice as good, as a ready made, and more than pays for itself in the satisfaction it brings. **ONE DAY SALE:
ONE DAY ONLY.**

We have had several sales previous to this one; all have been great; this one will be greater---the best of any. Comes at a time most helpful to Shoe purchasers. Winter stock is most complete now; sizes full; styles all here. A month later will find them broken.

\$3.00, \$3.50, \$4.00, \$4.50 and \$5.00 Shoes; every pair at one price--\$2.98.

No better month in the year for Shoe selling. Our trade is large; we intend intend increasing it, doubling it for one day. The one price with no reserve of stock will accomplish it.

\$2.98 FOR CHOICE.

We don't experiment with the public; our offers are plain; we never disappoint. That's why we sell so many Shoes. The offer for Saturday means just what we say: Any Shoe in the store \$2.98. Will you miss this saving?
